Paper A: Spaced practice

Synthetic teaching paper. Author: Demo Research Team, 2026.

Question: Is spaced practice associated with quiz performance?

Method: 20 synthetic students, 10 in each group; 2 weeks.

Result: spaced mean 78/100, massed mean 70/100.

Limitations: constructed data, small sample, no causal conclusion.

Synthetic input for Tokeny scenario testing. No real customer data.
