Paper B: Retrieval practice

Synthetic teaching paper. Author: Demo Learning Lab, 2026.

Question: How does self-testing compare with rereading?

Method: 12 synthetic learners, 6 per group; 1 week.

Result: self-testing mean 82/100, rereading mean 76/100.

Limitations: constructed data, no randomization, short follow-up.

Synthetic input for Tokeny scenario testing. No real customer data.
